Bible School Hosts Fifth Annual Thailand Ministers Training Seminar

In early November the school hosted the fifth annual training seminar for our Thai ministry. Those ministering this year are shown in the collage on the upper right. Here we see Bro. James Larson (left) holding a tiny blue "Jonah's whale" and introducing the new "Thailand Now!" evangelism program for Thailand to begin in 2007. Going clockwise we meet "Vern" the misbehaving bird and his handler, Bro. Jerry McCool, who taught the use of puppets in Children's Ministry. Next is Bro. Levi Wright who gave outstanding, easily understood, teaching on the Book of Revelation, a subject greatly desired for many years by the Thai ministers so that they might fully understand God's plan for mankind.

At "3 o'clock" in the collage is the Foreign Missions Regional Director for Asia, Bro. Lynden Shalm, who taught on the relationship between the USA United Pentecostal Church with the Thailand nationalized work. And finally we come to the Borliks. Bro. Bruce and Sis. Jami team-taught outreach ministry to children through the use of short, purposeful skits, which put the Word of God deep into our hearts in an unforgettable way.

We are deeply grateful for the sacrifices of these ministers, and those at home who helped finance this seminar !!!
